## **Welcome**

Hutchinson Community College (HutchCC) is pleased to provide you with information regarding the Cancer Registry Management (CRM) Program. This handbook is designed to serve as a guide to information concerning the associate degree in Cancer Registry Management and the Cancer Registry Management certificate program and to student policies that are particular to these courses of study (hereafter known as “the Program”). The requirements given in this handbook apply to all students enrolled in the Program. The student should become familiar with and make plans to comply with these guidelines. Please feel free to discuss any questions or concerns with the instructors in the Program. Be sure to read through the entire handbook. This Handbook is available online at the HutchCC CRM website. All CRM students are subject to the policies in this Handbook.

## **Accreditation**

Hutchinson Community College is accredited by The Higher Learning Commission (HLC). The Cancer Registry Management program is accredited by the National Cancer Registrars Association (NCRA). The accreditation program, which includes both the setting and implementation of standards, is conducted by the NCRA FEPRC. The FEPRC is the administrative body for the accreditation of cancer registry management programs of formal education programs at the certificate and degree level, leading to the eligibility to apply for the Certified Tumor Registrar (CTR®) examination, throughout the United States and abroad.

## **Mission of the Cancer Registry Management Program**

The mission of the Hutchinson Community College Cancer Registry Management Program is to provide a student-centered, quality educational and online training experience to enhance the employment opportunities for all students and to fulfill a need for credentialed Cancer Registry Management professionals throughout our country.

## **Vision**

Develop tomorrow's leaders in Cancer Registry Management.

## **Philosophy**

The Cancer Registry Management Program at Hutchinson Community College provides instruction and professional practice experiences to ensure students have the required knowledge, skills, and abilities to demonstrate excellence in their chosen field. The Cancer Registry Management Program staff is committed to providing the best possible learning environment for the student. Every effort will be made to meet the individual needs of the student within the framework of the college requirements and professional standards. Each student is expected to accept responsibility for his/her own education and to make full use of the learning opportunities offered by the College.

## **HutchCC Mission Statement**

Expanding the tradition of excellence in higher education through learning and collaboration.

## **HutchCC Vision Statement**

Hutchinson Community College will be the premier, two-year Kansas educational institution, delivering accessible opportunities for learning, growth and improved quality of life.

## **HutchCC Values**

- Teaching and Learning – HutchCC empowers students and other stakeholders to develop abilities, talents, and skills while assessing outcomes, celebrating achievements, and encouraging lifelong learning.
- Integrity and Social Responsibility – HutchCC contributes to the public good by demonstrating responsible institutional citizenship and treating people and organizations with equity, civility, and respect.
- Service and Collaboration – HutchCC provides a dynamic environment of active internal and external partnerships embracing the potential for innovation.
- Diversity – HutchCC celebrates the uniqueness of individuals, ideas, and forms of expression by supporting and listening to students and stakeholders.
- Tradition and Responsiveness – HutchCC respects tradition while examining future-focused trends to predict how conditions will change, develop innovations, and meet the mission-driven needs of our students and stakeholders.

## **HutchCC Institution-Wide Outcomes**

- I. Demonstrate the ability to think critically and make reasonable judgments by acquiring, analyzing, combining, and evaluating information.
- II. Demonstrate the skills necessary to access and manipulate information through various technological and traditional methods.
- III. Demonstrate effective communication through reading, writing, listening, and speaking.
- IV. Demonstrate effective interpersonal and collaborative skills.
- V. Demonstrate effective quantitative-reasoning and computational skills.

## Equity & Compliance

Hutchinson Community College does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, military status, sexual orientation, or any other protected category under federal, state, or local law, or by college policy. The following person has been designated to monitor compliance and handle inquiries regarding the non-discrimination policies:

Bernadett Dillon  
Academic Advisor  
Title IX Coordinator  
1300 North Plum  
Hutchinson, KS 67501  
Phone: (620) 728-8163  
Email: DillonB@hutchcc.edu

Any student who has a documented learning and/or physical disability and wishes to access academic accommodations (per the 1973 Rehabilitation Act and the Americans with Disability Act) must contact the HutchCC Coordinator of Disability Services, at 665-3554, or Student Success Center, Parker Student Union. The student must have appropriate documentation on file before eligibility for accommodations can be determined.

## Important Telephone Numbers

Name	Title	Telephone Number
Dr. Carter File	President of the College	620-665-3506 (ext.3506)
Dr. Tricia Paramore	Vice President of Academic Affairs	620-665-3438 (ext.3438)
Christopher Lau	Vice President of Student Services	620-665-3583 (ext.3583)
Bernadett Dillon	Academic Advisor/Title IX Coordinator	620-728-8163 (ext.8163)
Bonnie Folkerts	CRM and HIM Program, Director	620-694-2455 (ext.2455)
Denise Lovell	CRM Program Lead	620-694-2468 (ext.2468)
Becky Warman	Instructor, HIM Program	620-694-2440 (ext.2440)
Cathy Diggs	Clinical Coordinator, HIM Program	620-665-4946 (ext.4946)
Annette Kershaw	Administrative Asst., HIM/Dept 1	620-694-2456 (ext.2456)

HutchCC's long distance number is 800-289-3501 with the extension above.

## **Cancer Registry Management Program Advisory Committee**

The Cancer Registry Management Program is under the umbrella of the Health Information Management Program. As such, the HIM Advisory Committee includes members from both the HIM and Cancer Program specialties since they are often members of the same organizational chart. These individuals are responsible for providing advice to the CRM program on current cancer registry management trends and needs of the community. They maintain a liaison function between the program and the cancer registry management professionals in the community. This group meets a minimum of twice per year. For a complete listing of current members, please inquire to one of your cancer registry management program instructors.

### **The Cancer Registrar**

The Cancer Registry Management program is designed for persons interested in pursuing a career that combines collection, analysis, and management of accurate and complete cancer data that can be used for cancer control and epidemiological research, public health program planning, and patient care improvement.

Cancer Registrars possess the clinical and technical knowledge and skills necessary to maintain components of the disease-related data collection systems consistent with medical, administrative, ethical, and legal and accreditation requirements of the health care delivery system. In all types of facilities, and in various locations within a facility, cancer registrars manage and analyze clinical cancer information for the purpose of processing, maintaining, compiling and reporting health information for research, quality management and improvement, facility planning and marketing, long-term follow up, cancer program development, cancer prevention and surveillance, survival data, compliance with reporting standards, evaluation of treatment results, and national cancer program accreditation.

This program provides instruction and professional practice experience to assist students in developing the technical skills necessary to become Cancer Registry Management professionals.

Student who successfully complete the Cancer Registry Management curriculum and pass 5-Core Competency exams with 70% or greater, are then eligible to apply to sit for the Certified Tumor Registrar (CTR®) Examination.

## **Admission Criteria – Associate Degree**

In order to promote student success in the Cancer Registry Management Program and in the cancer registry management profession, the program follows Hutchinson Community College enrollment criteria established as such:

- a) High school graduation with a minimum cumulative grade point average of 2.5 on a 4.0 scale for the last two years of high school, or
- b) Minimum cumulative grade point average of 2.5 on a 4.0 scale for a minimum of 12 semester hours of college, or
- c) Satisfactory performance on the GED.

## **Admission Criteria – Certificate Program**

- a) Successful completion of a minimum of any Associate's Degree in any field or the equivalent (60 college-level credits)
- b) Minimum cumulative grade point average of 2.5 on a 4.0 scale for a minimum of 12 semester hours of college

Provisional admission may be granted to a student who does not meet the GPA requirement. Progression in the program will be allowed if the student earns a GPA of at least a 2.5 on a 4.0 scale during the first 12 credit hours.

Please refer to the College website for information about the admission process at [HutchCC Admissions](https://www.hutchcc.edu/apply-enroll) (<https://www.hutchcc.edu/apply-enroll>).

## **Admission Procedure**

1. [Submission of application to HutchCC](https://cms.hutchcc.edu/admapp/admapp.aspx) (<https://cms.hutchcc.edu/admapp/admapp.aspx>) and required official transcripts from high school and all colleges previously attended.
2. Submission of application to the [Cancer Registry Management program](https://goo.gl/forms/ms4yWtWGJk5tsuus1) (<https://goo.gl/forms/ms4yWtWGJk5tsuus1>).
3. It is the responsibility of the applicant to ensure that the documentation is complete.
4. No applicant will be considered until all required documentation has been submitted.

## **Readmission procedures:**

A student must reapply to the CRM program if:

- He/she has previously been admitted to the CRM program and there is a lapse in continuous enrollment for one fall and spring semester.
- He/she has been dismissed from the CRM program.

The student should submit the readmission form found in Appendix 1 and the [CRM application](https://goo.gl/forms/ms4yWtWGJk5tsuus1) (<https://goo.gl/forms/ms4yWtWGJk5tsuus1>). Final decision for readmission is made by the selection committee of the Cancer Registry Management Program Advisory Committee. (Appendix 1)

## **Course Requirements**

All students in all programs must complete each course with a grade of "C" or better in order to progress to the next course and/or successfully complete any of the programs.

## **Graduation Requirements**

The specific course requirements for the Associate in Applied Science degree in Cancer Registry Management and the certificate in Cancer Registry Management are listed under "Curriculum" in this Handbook. Please review these with your advisor to make certain you have met all the requirements for graduation. Students are encouraged to view the degree audit in their DragonZone accounts to track graduation requirements.

## **Fees**

Please refer to the [college catalog](https://www.hutchcc.edu/cost-and-fees) (<https://www.hutchcc.edu/cost-and-fees>) for a current listing of tuition and fees.

## **Financial Aid**

Students with financial aid concerns are encouraged to talk with the [Financial Aid Office](https://www.hutchcc.edu/financial-aid) (<https://www.hutchcc.edu/financial-aid>).

## **Scholarships**

The Cancer Registry Management program participates in the scholarships program of the College. Speak with your advisor or visit [the Types of Aid webpage](https://www.hutchcc.edu/types-of-aid#scholarships) (<https://www.hutchcc.edu/types-of-aid#scholarships>) for more information.

## Sample Curriculum

### Associate in Applied Science in Cancer Registry Management

First Semester Courses	Credit Hours
CS104 Computers in Healthcare	3
English Option	3
HR105 Medical Terminology	3
Social Science Option	3
BI100 Basic Concepts for Allied Health	1

Second Semester Courses	Credit Hours
BI103 Human Anatomy and Physiology**	6
HR103 Health Information Processes	4
HR107 Legal and Ethical Issues in Health Information	3
HR214 Health Statistics	2

Third Semester Courses	Credit Hours
HR212 Pathophysiology	4
HR260 Cancer Registry Structure and Management	3
HR261 Cancer Registry Operations	3
IS104 Microcomputer Applications	3
AL153 Pharmacology	3

Fourth Semester Courses	Credit Hours
HR262 Cancer Disease, Coding and Staging	4
HR263 Oncology Treatment and Coding	3
HR264 Follow-Up Data Quality and Utilization	3
HR265 Abstracting Methods	3
HR266 Multiple Primary Histology & Hematopoietics	3

Spring, Summer or Fall Semester	Credit Hours
HR267 Cancer Registry Clinical Practicum	4

**Total Hours**

**63 hours**

\*\*Students must meet the prerequisite for BI103 Human Anatomy and Physiology – either College Biology or BI100 Basic Concepts for Allied Health Students. Students who take BI100 must receive a C or better in the class to proceed to BI103 Human Anatomy and Physiology.

## Sample Curriculum

### Certificate in Cancer Registry Management

<b>Prerequisites*</b>	<b>Credit Hours</b>
BI103 Human Anatomy and Physiology**	6
CS104 Computers in Healthcare	3
HR105 Medical Terminology	3

<b>Cancer Registry Specific Courses</b>	<b>Credit Hours</b>
HR260 Cancer Registry Structure and Management	3
HR261 Cancer Registry Operations	3
HR262 Cancer Disease, Coding and Staging	4
HR263 Oncology Treatment and Coding	3
HR264 Follow-Up Data Quality and Utilization	3
HR265 Abstracting Methods	3
HR266 Multiple Primary Histology & Hematopoietics	3
HR267 Cancer Registry Clinical Practicum	4

**Total Hours**

**38 hours**

\*\*Students must meet the prerequisite for BI103 Human Anatomy and Physiology – either College Biology or BI100 Basic Concepts for Allied Health Students. Students who take BI100 must receive a C or better in the class to proceed to BI103 Human Anatomy and Physiology.

## **Certificate Prerequisite Course Descriptions**

### **CS104 Computers in Healthcare**

**3 Credit Hours**

Computer use within the healthcare industry: includes computer hardware, software, databases, security, privacy, storage and other computer related systems. Focus is on health information technicians, administrative and clinical systems as well as Electronic Health Records (EHRs).

### **HR105 Medical Terminology**

**3 Credit Hours**

Elements of medical language including common abbreviations. Emphasis is placed on spelling, pronunciation, correct usage, and meaning relating to body systems, medical science, and medical specialties.

### **BI103 Human Anatomy & Physiology with Lab**

**6 Credit Hours**

Basic structure and function of the human body. Lecture and lab.

**\*\*Students must meet the prerequisite for BI103 Human Anatomy and Physiology – either College Biology or BI100 Basic Concepts for Allied Health Students. Students who take BI100 must receive a C or better in the class to proceed to BI103 Human Anatomy and Physiology.**

## **Cancer Registry Management Course Descriptions**

### **HR260 Cancer Registry Structure and Management**

**3 Credit Hours**

Description: Emphasize the purpose of cancer registration, cancer data collection, registry management, and ethics.

### **HR261 Cancer Registry Operations**

**3 Credit Hours**

Description: Overview of the systematic processes used in the daily operations of a cancer registry

## **HR262 Cancer Disease, Coding and Staging**

**4 Credit Hours**

Description: Study of the development and spread of the many types of cancer, classifying tumors utilizing globally recognized codes, and instruction on references used to assign codes for topography, morphology, and extent of disease.

## **HR263 Oncology Treatment and Coding**

**3 Credit Hours**

Description: Overview of oncology treatment and coding including nomenclature and classification systems.

## **HR264 Follow-Up, Data Quality and Utilization**

**3 Credit Hours**

Description: Cancer patient follow-up methodology and processes used to obtain follow-up cancer information regarding disease status, recurrence information, subsequent treatment, and development of subsequent primary cancers.

## **HR265 Abstracting Methods**

**3 Credit Hours**

Description: Overview of principles and application of cancer registry with practice abstracting the major primary sites, defining abstract areas, assigning information appropriately within the abstract, identifying reports containing specific information for abstracting, and reviewing current software applications used in cancer registry management.

## **HR266 Multiple Primary Histology & Hematopoietics**

**3 Credit Hours**

Description: General and site-specific coding rules for determining the number of primary diagnoses in the presence of multiple tumors and/or histologic types including rules governing the abstracting and coding of hematopoietic and lymphoid neoplasms.

## **HR267 Cancer Registry Clinical Practicum**

**4 Credit Hours**

Description: A practicum is the final step for all NCRA Accredited Formal Education Programs. It provides students in-person experiences and/or on-line activities in the technical aspects of cancer registry operations and cancer surveillance methods to complement their coursework. The practicum is based on five core competencies. These competencies are derived from the Certified Tumor Registrar (CTR) exam's domains of practice. Practicum activities focus on developing skills in these critical knowledge areas. Core Competency assessments are the final step for all practicum students. The student must achieve a minimum score of 70% on each core assessment.

Casefinding,

Abstracting, Coding, and Staging

Analysis and Data Usage

Registry Organization, Follow-Up, and Data Quality Assurance

Cancer Program Accreditation

Prerequisite: Successful completion of remaining Cancer Registry program classes. Enrollment is only by approval of Advisor.

# Practicum Options

## Option 1: In-Person, On-Site

Students will work with a CTR-credentialed advisor to complete on-site activities based on the core competencies [NCRA does not set the hours for these on-site activities] *The Practicum Completion Form In-Person*: The on-site CTR will monitor, record, and verify the student's completion of practicum activities on the *Practicum Complete Form-In Person* which should be submitted to the program as proof of completion.

Before the student begins his/her In-Person experience, he/she will be required to submit a completed Health Form. Students may not assume the responsibility or take the place of employees of any of the professional practice sites. Travel and other expenses incurred are the responsibility of the student. If a student is injured, before arriving at the professional practice site, during the professional practice experience or after leaving the professional practice site he/she will be responsible for any medical care provided.

The student has the responsibility to abide by the policies and procedures of the professional practice site concerning rules and regulations; clean his/her own work area before leaving the department, no matter what the time might be; and be professional at all times. The student is required to dress appropriately/professionally for the professional practice site. Specific information regarding a dress code is included in your professional practice materials. The student is provided with a name badge that must be worn while at the professional practice site. Students are responsible for paying for any duplicate name badges.

Drug and alcohol abuse: Some facilities will require drug testing before students are allowed to attend a professional practice experience. A suspicion of alcohol or drug use may require immediate testing. If a student is asked to take a drug or alcohol test and refuses, the student will be immediately dismissed from the course without refund or recourse. A positive drug test will result in dismissal from the program. Possession, use or distribution of alcohol or controlled substances at the professional practice site will result in immediate dismissal from the course without refund or recourse and immediate dismissal from the program. Please refer to [the college policy](https://www.hutchcc.edu/catalog) (<https://www.hutchcc.edu/catalog>) for more information.

Background Checks: The Cancer Registry Management program requires a background check be performed on all staff and students working at a professional practice facility. Students are responsible for any costs incurred due to background checks..

If a student is dismissed from a clinical site for any reason, he/she may be dismissed from the class, thereby receiving a failing grade in the course. The student may also be dismissed from the program.

## Option 2: Virtual Practicum

Students will complete the on-line practicum activities outlined by NCRA through SEER\*Educate. The college/professor will monitor, record, and verify the student's completion of practicum activities on the *Practicum Completion Form-Virtual*, which will be submitted to the program as proof of completion.

## Option 3: Hybrid Practicum (In-Person and Virtual Components)

Students can complete the practicum through a combination of in-person and on-line activities. This option requires a CTR-credentialed advisor to monitor, record, and verify the completion of practicum activities on the *Practicum Completion Form-Hybrid* that should be submitted to the program as proof of completion on the practicum activities

## **Confidentiality**

All information contained in a patient's medical or health record is confidential. Information obtained during application courses and professional practice experiences that pertain to patients, physicians or hospital business is confidential and must not be disclosed to unauthorized individuals including family and friends. Such information is discussed only to complete required assignments. Protecting the confidential information from unauthorized individuals includes proper handling of the medical records used in class, laboratory and at professional practice sites. They should never be left unattended where unauthorized individuals may have access. To disclose this information in any other instance is sufficient cause for immediate dismissal from the Program. Students may be required to sign a confidentiality statement at various professional practice sites.

## **Job Placement**

The Cancer Registry Management program does not place graduates. However, many area facilities notify us when there are job openings in their departments. Efforts are made to notify all interested students. Job placements received are posted to the Hutchinson Community College Health Information Management Program Facebook page.

## **Academic Honesty**

The Cancer Registry Management program does not tolerate cheating in any forms as it does a huge disservice to our students. While we truly believe this is not an issue within our program, it is important to remember this as the purpose of the program and the information provided is to learn for a career dealing with people's lives. In addition, the information you are provided is done so to help you pass a national exam. Our goal is for you to pass this national exam and cheating while learning it will not achieve that. Anyone suspected of cheating will be reprimanded according to [HutchCC Academic Honesty policy](https://www.hutchcc.edu/catalog/policy/?id=36) (<https://www.hutchcc.edu/catalog/policy/?id=36>).

## **Alcohol and Drug Free Environment**

Please refer to the College website for the [Alcohol and Drug Free Environment Policy](http://www.hutchcc.edu/catalog/policy/?id=36) (<http://www.hutchcc.edu/catalog/policy/?id=36>).

## **Attendance**

Please refer to the College website for the additional [information about the Attendance Policy](http://www.hutchcc.edu/catalog/policy/?id=4) (<http://www.hutchcc.edu/catalog/policy/?id=4>).

On-campus students are expected to attend and participate in all classes. In the event a student must miss a class, for whatever reason, that student is expected to call or email the instructor of the course as soon as possible to explain the absence. Telephone numbers are given in each Instructor Information page.

Attendance is taken in all on-campus classes. After three absences in a three-credit hour course (2 in a 2-hour course) a notice of "irregular attendance" may be mailed to the student from the College. Continued absences may result in the student being dropped from the course. However, if the student has a valid excuse, this will be noted in the attendance record. Students who take weekend or evening classes should call the HutchCC Operator at ext. 3500 to leave a message for the instructor, or call the instructor at the number provided or send an email to the email address provided on the Instructor page.

Online students are expected to submit their assignments to the instructor within the required time period. Online students may be sent a notice of irregular attendance at the discretion of the instructor if they do not submit assignments within a reasonable period of time or do not log on for extended periods of time.

Attendance during the In-Person experiences is mandatory. Never be late to a professional practice site. If the student is unable to report for the In-Person experience due to illness or emergency, he or she must notify the professional practice site and the Clinical Coordinator prior to the scheduled starting time, except in extreme emergencies. Failure to report to your professional practice site could result in failure of the course. Any absence must be made up at the convenience of the professional practice site so that the student may fulfill the requirements of the professional practice experience.

### **Student Responsibilities**

Please refer to the College website for additional [information about Student responsibilities](http://www.hutchcc.edu/catalog/policy/?id=28) (<http://www.hutchcc.edu/catalog/policy/?id=28>).

Students are expected to be in class on time, ready to work with all assignments completed. Students are expected to be courteous to other class members as well as the instructor. Do not interrupt the speaker, be it the instructor, a guest speaker or another class member. Do not whisper to others during class. Comments, ideas, and questions should be shared with the class. It is the responsibility of the student to ask questions as needed and to meet with the instructor for additional help during the semester. On-campus students are expected to clean their work areas when completed. Remove personal belongings and trash and replace chairs under the desk. Students are expected to clean their work spaces at any professional practice site they visit and be respectful of the site's rules and regulations.

Online students are expected to submit assignments and tests by the due date designated by the instructor. Online students must be courteous to each other during the discussion forums; if not the post may be deleted by the instructor.

Some instructors assign group work. Please be courteous to your classmates and arrange to meet them on-line and share the workload of any group assignment appropriately.

## **Evaluations**

### **Assignments, Examinations, Quizzes**

The instructors in the Health Information Management-Cancer Registry Management program at Hutchinson Community College believe all coursework is a valuable learning experience. When coursework is missed or late, the value of this learning experience decreases. Instructors also understand how important it is for students to complete all items in each course as students will be tested over the information on their national credentialing examination.

All coursework must be submitted in its entirety, as no partially complete work will be accepted for a grade, a zero will be issued.

Students who know they will be absent when coursework is due are expected to complete the work prior to being absent.

In the case of an unexpected absence that could not be pre-arranged, students are expected to contact their instructor as soon as possible to arrange for the work to be submitted, this will be per instructor discretion whether to grade the assignment or issue a zero.

When coursework is submitted late, a one letter grade deduction will immediately be applied prior to grading the coursework.

For every late assignment thereafter, an additional letter grade deduction will be applied. The 4th and beyond late assignment will be assigned a zero.

Points for late discussion posts will not be issued.

### **Final Examinations**

Final examinations are scheduled by the college and are taken at the scheduled date and time. Online students will be given a specified period of time and duration in which to take the final exam. Courses in which there is a comprehensive final exam require a proctor. Information about proctors are explained in individual courses.

## Grading System

Please refer to the College website for [information about grades and GPA](http://www.hutchcc.edu/catalog/policy/?id=13) (<http://www.hutchcc.edu/catalog/policy/?id=13>).

Unless otherwise noted, the grading scale for the Cancer Registry Management Program is as follows:

- 94 - 100 = A
- 88 - 93 = B
- 82 - 87 = C
- 75 - 81 = D
- 0 - 74 = F

A grade of C or better is required in all classes in order to graduate from the program. If a student receives a D or F in two core Cancer Registry classes in the same semester, they may be removed from the program and will need to reapply. Students may be allowed only one retake for any class with an HR prefix. If a student withdraws from a course, that enrollment will not count against them. The student may appeal the decision to the HutchCC HIM/CRM Program Director.

## Complaint Process

Hutchinson Community College strives to provide the highest quality service to all stakeholders; concerns may periodically occur that lead to a complaint about a college policy, procedure, or employee's action.

If an individual believes he/she has been treated unfairly with regard to a college or program policy, procedure, or by an employee's action, the college/program recommends that the individual first attempt to informally resolve the concern by direct communication with the college personnel involved. If resolution is not reached, the individual should contact the Program Director, Bonnie Folkerts who will provide them with information if they choose to file a formal complaint with the college.

As an NCRA program, students should be made aware you may also file a complaint with NCRA/FEPRC using the information below:

NCRA

FEPRC Administration

1330 Braddock Place, Suite 520

Alexandria, VA 22314

703/299-6640 X314

Complaint information to include:

Student name, mailing address, city, state, zip, phone number, email address

Name of institution, title of accredited program

Name of Faculty/Instructor

Name of Program Chair/Department Head

Mailing address, city, state, zip, phone number, email address

Nature of complaint

Supporting document included

Signature of student submitting report

## Professional Associations

The [National Cancer Registrars Association \(NCRA\)](http://www.ncra-usa.org/) (<http://www.ncra-usa.org/>) is the professional organization representing cancer registry management professionals. Students enrolled in HR260 are charged a \$40.00 course fee that is used to pay for his/her NCRA student membership. Students will be directed to the appropriate application during HR260 class to complete the membership. Student membership in this organization is mandatory, as many assignments require the student to utilize the NCRA website.

It is the student's responsibility to maintain his/her membership in NCRA during the course of their studies in the Cancer Registry Management program after the conclusion of the HR260 class.
