Dear Ms. Hackler,

On March 17, 2009 the Education Committee of the Kansas State Board of Nursing accepted the site visit report of the ADN Program and voted to re-approve the program for 8 years with no recommendations. They also accepted the site visit report of the PN Program with the recommendation to generate more classroom space to ensure an environment that is safe and conducive to learning. It was moved to accept the report with the recommendation and a program report to be submitted to the Board in one (1) year on classroom space issues.

The Kansas State Board of Nursing, on March 18, 2009, voted to re-approve the ADN program with no recommendations and re-approve the PN Program with the one recommendation listed above.

If you have further questions, please let me know.

Sincerely,

Carol Moreland MSN, RN
