### Annual Report Update

**Any complaints involving educational statutes and regulations?**

N

If yes, please explain

Comments Related to NCLEX testing

### Graduate and Undergraduate

Response to the recommendations and requirements from the last annual report or last survey visit:

None from the last annual report.

Give recommendations/requirements and response:

None from June 1, 2013 - May 31, 2014.

Give plans for the future or any proposed changes to the program

KDOC project officially ended. No student completed more than 20 percent medical surgical hours in the environment. KDOC is reevaluating this program. Funds may not be available to continue with faculty salary. It has been hard to consistently have a full-time faculty member working between both HCC and PCC. Looking at curriculum no changes yet. Submitting for September 2015 Board Meeting. Revision/Update of philosophy and organizing framework. Future plans to work with the graduates of the Fort Riley PN program started in January 2014. Analyzing data regarding admission criteria and potential changes related to data. Analyzing multiple data sets related to pass rate. Potential changes in admission criteria, admission policy, and curriculum.

A description of the practices used to safeguard the health and well-being of students

HCC has relationship with several Radio and TV channels to provide emergency and weather related closings. HCC also has the text alert for students with cell phones who choose to have it turned on for
the college. Faculty office phones also have an alert system that is activated as needed. We require
students to provide full record of immunizations (those required by clinical sites). The nursing
program requires students accepted into the program to have a background check completed through a
vendor with results sent to the director. Hutchinson Community College provides student health
services for all enrolled students. Hours and time are made available. Hutchinson Community College
(HCC) has policies in place related to violence, bomb threats, hostage situations, etc. HCC has a
campus wide safety committee that meets regularly throughout the year with representation for the
allied health programs.

Graduate Only

Give any changes in program policies, the organizing framework for the curriculum, and program
objectives or outcomes:

Not applicable

Undergraduate Only

Give any changes in program policies, the organizing curriculum framework, objectives or outcomes,
and major and minor curriculum changes:

Requested change regarding the Online Bridge Program - especially in the Fort Riley area. Will offer
in hybrid format initiation date has not been finalized. This was approved by KSBN in March 2015.
Updated NR103 ADN Transition course objectives for LPNs articulating into the traditional program.
More emphasis on professionalism, safety and informatics. These have been approved by the to HCC
Curriculum Committee. No changes in overall program objectives or program outcomes. ADN
Alignment Outcomes have been approved by KSBN and will be initiated upon approval by KBOR.

Other Comments:
