

HUTCHINSON COMMUNITY COLLEGE PROGRAM REVIEW

Date: August 2015 Program: Construction – Residential – AKA Building Trades

INDICATORS 	OPPORTUNITY ANALYSIS	GOALS/ EXPECTATIONS (1-3)	RESPONSIBLE	TIMELINE	EXPECTED OUTCOMES	FOLLOW-UP PROJECTS
CAPACITY	Two fulltime staff – certified lead teacher and trained assistant, a graduate of the program - supervise students as they construct a four-bedroom house w/ attached garage and basement during the academic year.					
DEMAND	An unprecedented # of secondary students have enrolled for the fall semester, creating large class sizes for both the morning and afternoon sessions	HCTEA and HCC need to examine the ability to meet demand and determine optimal enrollment numbers.	HCTEA Director and Dept. II Co-Chair	Spring 2016	Better communication/ understanding of enrollment requests prior to final enrollment.	Annually, these #s will need to be determined.
CURRICULUM	Students can earn either a Certificate in Construction (one year of FT attendance) or an AAS – two years of construction classes and appropriate	Consider revision of current semester by semester course offerings to better reflect student learning in a given semester.	HCTEA Director and Dept. II Co-Chair	Spring 2016	Students who attend one year only have a transcript that reflects competencies they learned.	There will be a two-year time period of two sets of schedules, one for new, the other for
