All pre-requisite courses must be completed by the July 30, dead line. You can verify if your pre-requisites will transfer by going to [HutchCC Equivalency chart](#). Select the institution the course was taken at and verify if it will equate as a HutchCC course by locating the course ID number. If your institution or course is not listed send unofficial transcript to morawitzr@hutchcc.edu and we will check for you. If you are going to be taking future courses you can also check to verify if they will transfer before you enroll.

Applicants may take the Kaplan Admissions Exam twice during an application process; March 1, 2019 through July 30, 2019. There is a required 2 week waiting period between exams. To find instructions for On Campus or Off Campus testing see the Kaplan Entrance Exam box and click on "How to take the Kaplan Exam". 2nd Exam only needs to be for scores below the benchmark. The scores on the 2nd Exam take precedence over the 1st exam for any area.
