Web Development Platform - IS215

Section: IS215 001242S Main Campus
Section Type: Lecture
Credit Hours: 3.00
Course Description: Explore the dynamic world of web development with PHP and MySQL. An introduction to server-side scripting using PHP and the powerful database management capabilities of MySQL. Through hands-on exercises and projects, create dynamic, interactive web applications that can handle user input, manipulate data, and respond dynamically to user interactions. Learn skills to build robust web applications that leverage the synergy between PHP and MySQL, setting you on the path to becoming a proficient web developer.
