

Server Operating Systems and Virtualization - IS237

Section: IS237 001222S Main Campus

Section Type: Lecture

Credit Hours: 3.00

Course Description: Comprehensive study of server operating systems and virtualization, with a primary focus on Windows Server, Linux Server, and virtual hypervisors. Students will define the installation, configuration, management, and troubleshooting of server environments within virtualized contexts. Emphasis will be on industry best practices, server deployment, resource allocation, and the use of virtualization technology to optimize performance and scalability across server platforms.

WHEN

Days: M

Times: 06:00 PM - 09:00 PM

Start Date: 01/09/2023

End Date: 05/01/2023

WHERE

Campus: Main Campus

Building: Shears Technology Center

Room: STC118
