

KSPN Maternal Child Nursing Clinical - PN118

Section: PN118 002232S McPherson

Section Type: Lecture

Credit Hours: 1.00

Course Description: Provides an integrative, family-centered approach to the care of childbearing women, newborns, children, and adolescents. Students are given the opportunity to observe the uncomplicated birth process and practice postpartum care as well as care of the newborn in the clinical laboratory setting. Common pediatric diseases and the growth and development process is the focus of child-related clinical laboratory experiences.

Course Notes: This course is offered in the Spring semester for the full and part-time programs.

Section Notes: This course is offered in the Spring semester for the full and part-time programs. Class also meets on 2/15/24 for Peds Project.
