

Interpersonal Communication - SH210

Section: SH210 002261S Newton

Credit Hours: 3.00

Course Description: This course involves the study of communication in human relationships with emphasis on the patterns and processes of face-to-face communication. The study of interpersonal communication is important for anyone who wants to learn better methods of building meaningful relationships with a spouse, colleague, supervisor or friend. The course stresses how to become a more effective and competent communicator by its analysis of personal communication goals, communication barriers, relational breakdowns, and conflict scenarios. Features include structural experiences, readings from special studies, group interaction, and personal feedback exercises. Written and oral presentations are fundamental to the course objectives.

Section Notes: Cengage Unlimited (CU) textbook charges to student account. Students cannot opt out of CU text.
